# Maths - Subtraction

Begin today by counting to 20 and challenge your child to count backwards to 0 too!

Please use today to consolidate subtraction (to 10 or 20) on a tens frame.

Complete four different subtraction problems together and then get your child to have a go at doing one independently.

Challenge: can you record the subtraction problems you have completed as a number sentence?

\*There are also some subtraction minibeast activity sheets saved in documents if your child does not need time to consolidate this learning.
