## Spring counting story

Each day this week we are going to write a sentence for our counting story.

Use your plan from last week to write one sentence each day.

By the end of the week you will have 5 or 7 sentences which will make a story.

On the next slide my example for Monday.

Remember the adjective goes before the noun.

I challenged myself to write the word. You could also write the numeral.

On Monday I went on a spring walk and I saw one spotty ladybird eating the leaves.

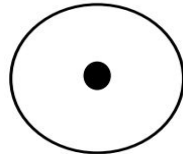

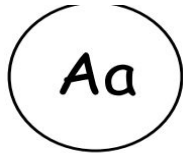

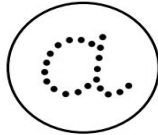

I chose a ladybird as my noun.

I chose the verb eat. The ladybird is doing it now so we add the suffix -ing to become eating.

I wrote some more detail to say what the ladybird was eating.

## Things to remember:

- Capital letter
- Spelling of the day of the week
- The number
- Noun
- Adjective
- Verb ending with -ing

Remember a capital letter

# Monday
