

English Spring counting story

You should already have a sentence for Monday, now it's time to write a sentence for Tuesday.

Remember because it is a counting story the numbers go up, so today you will see 2 ...

When there is more than one noun this is called a plural. You need to add the suffix -s or -es to the noun.

On the next slide my example for Tuesday.

Remember the adjective goes before the noun.

I challenged myself to write the word. You could also write the numeral.

On Tuesday, I went on a spring walk and I saw two yellow daffodils growing in the meadow.

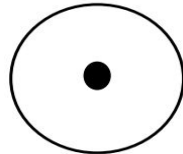

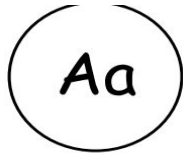

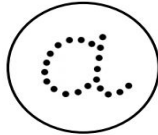

I chose a daffodil as my noun and because there are 2 it has the suffix -s

I chose the verb grow. The daffodils are doing it now so we add the suffix -ing to become growing.

I wrote some more detail to say where the daffodils were growing.

Things to remember:

- Capital letter
- Spelling of the day of the week
- The number
- Noun with the suffix -s or -es
- Adjective
- Verb ending with -ing

Remember a capital letter

Tuesday
