

Home Learning- Year 4

24.3.2020

All of these activities mirror the learning assignments set on Google Classroom. If you are having issues using Google Classroom please look on the school website for helpsheets. Available on Google Classroom are editable worksheets for the children to use which will be sent directly back to us however, it is also fine to do any tasks on paper at home.

English

Good morning Year 4! Using the picture, can you continue the story? The questions on the next slide might help you come up with some ideas.

This task should take you about 30 minutes.

It was the greatest match the world had ever seen! The boy's colossal legs waded through the water, sending shockwaves through the city engulfed in shadow. With a loud grunt, the enormous child lunged towards the sun, ready to take the shot...

English

Who do you think the boy is playing tennis with?

How do you think the boy has grown so large?

Where did he come from?

What will happen when he hits the ball?

How far away do you think his partner is stood?

Are they hitting the ball over a net?

What city can you see in the background?

Maths

This morning for your maths work we'd like you to complete the second lesson on <https://whiterosemaths.com/homelearning/year-4/> (titled Lesson 2- Tenths as decimals).

First watch the video, then have a go at the worksheet, you can either print the work sheet or look at it on a computer and write your answers on paper.

This activity should take about half an hour.

We'd also still like you to practice your times tables on TT Rockstars and number bonds on Numbots.

RE

Watch this clip to learn about the Bible story of Joseph and his coat of many colours.

<https://www.youtube.com/watch?v=F327Q92gSfs>

Can you create a comic strip showing the events that happened in the story?

Take a picture of your comic and upload it so we can see it!

This activity should take you around 45 minutes.
