

# Home Learning- Year 4

## 26.3.2020

All of these activities mirror the learning assignments set on Google Classroom. If you are having issues using Google Classroom please look on the school website for helpsheets. Available on Google Classroom are editable worksheets for the children to use which will be sent directly back to us however, it is also fine to do any tasks on paper at home.

# English

For the last fiction book that you read, we'd like you to create a new character to go into the story.

What would they look like? What are they called? What is their personality like?

Draw your new character and label them with their traits.

# Maths

This morning for your maths work we'd like you to complete the fourth lesson on <https://whiterosemaths.com/homelearning/year-4/> (titled Lesson 4- Tenths on a number line).

First watch the video, then have a go at the worksheet, you can either print the work sheet or look at it on a computer and write your answers on paper.

This activity should take about half an hour.

We'd also still like you to practice your times tables on TT Rockstars and number bonds on Numbots.

# PE

Have a go at this work-out.
