

# Continent of Europe

# What Is a Continent?

A continent is a massive piece of land that is often separated from other areas of land by water or another feature, such as mountains.

Planet Earth has seven continents. Do you know the names of any of them?

# What Is a Continent?

North America

Europe

Asia

Africa

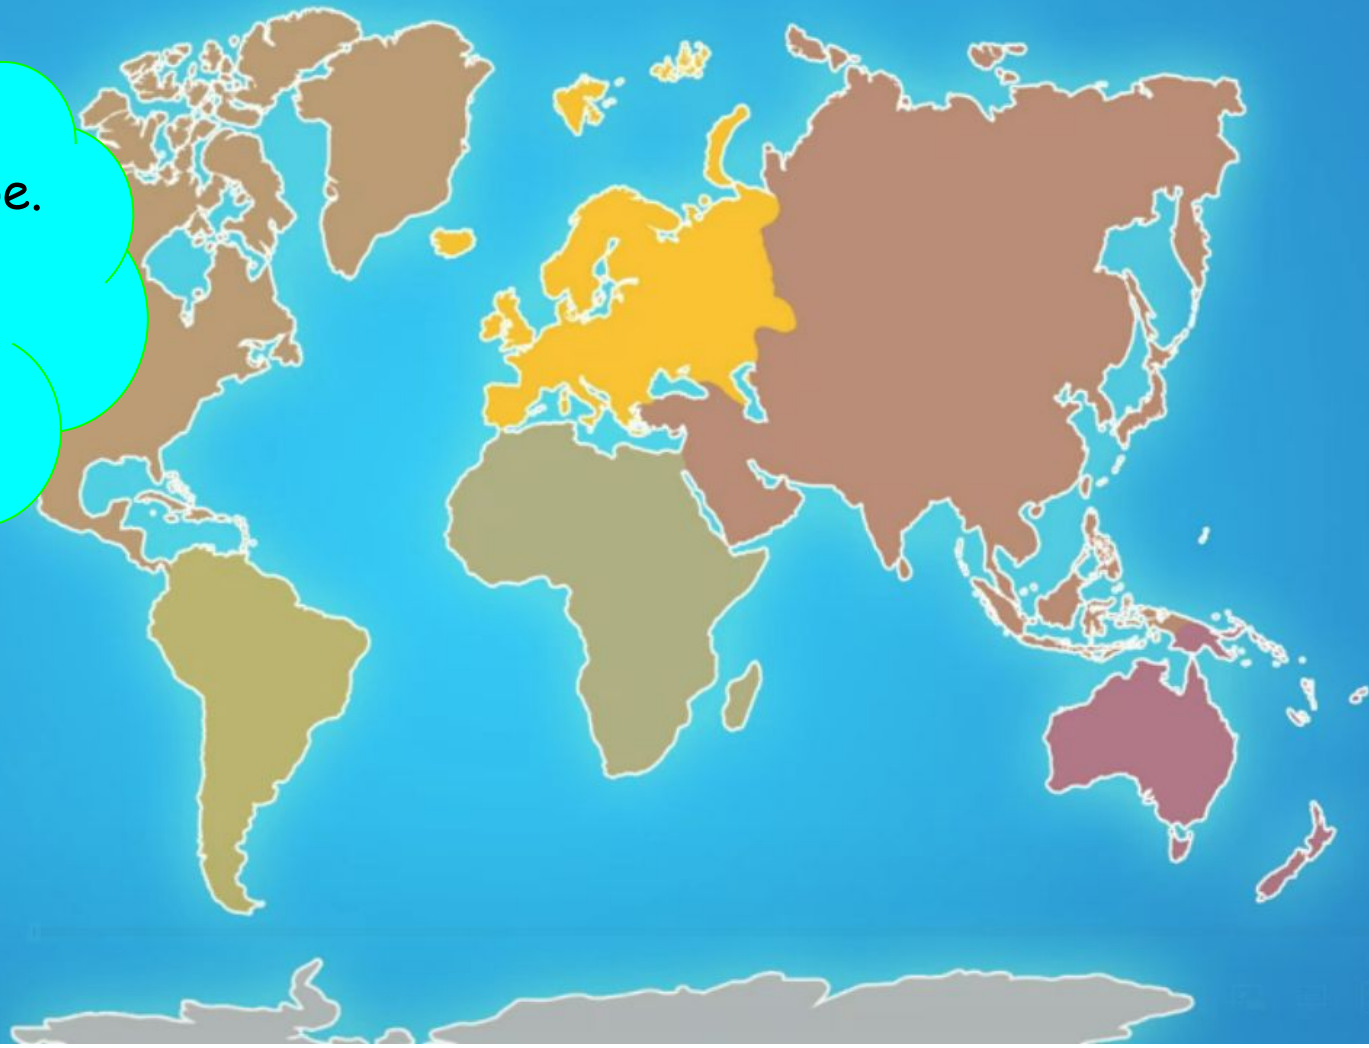

South America

Oceania

Antarctica

We live in Europe.

from the Go  
Jetters.

# What Is Europe?

What is Europe?

Europe is one of the world's continents. Around 10% of the world's population lives in Europe.

Here is a map which shows the countries that make up the continent of Europe. **Geographic!**

# Europe

There are lots of amazing landmarks in Europe. Click on the links to explore some of the best.

Europe

Eiffel Tower, France

Mount Etna, Italy

Venice, Italy

Northern Lights, Finland

# What Is a Landmark?

The Go Jetties love visiting landmarks. Do you know what a landmark is?

A landmark is something that stands out in an area. It could be a building, a bridge, a lake or river, a sculpture or something else. These places might be special because they are big, nice to look at or really old.

A landmark makes a place recognisable. This means you could look at a picture of a landmark and know straight away where it is.

# What Is a Landmark?

Do you know any famous landmarks?

Draw a picture of a landmark that you have learnt about today or one that you knew about already.  
Colour it in and name it.
