L.O: to research a famous artist

L.O: to research a famous artist

You are going to be doing a project about a chosen artist.

You need to research their biography, their art, value of art today (and maybe when they were alive), where the art is displayed (museum, another country, etc).

You can choose how to present this information. You could do a google slide presentation, a poster, a collage, or something you choose.

I cannot wait to see who you have chosen, what you find out and how you present it.
