All of these activities mirror the learning assignments set on Google Classroom. If you are having issues using Google Classroom please look on the school website for helpsheets. Available on Google Classroom are editable worksheets for the children to use which will be sent directly back to us however, it is also fine to do any tasks on paper at home.

English

This is our final week on Romulus and Remus! Today have a read back over everything so far and finish the book! Did it end the way you expected it to? Did you enjoy the story?

Your task today is to think about the relationship between Romulus and Remus. Were they nice to each other all the way through the book? It seemed like a very up and down relationship! You're going to think about the key events between the brothers and plot them onto the graph attached.

For an extra challenge, could you write some questions that you might ask someone who was reading the story for the first time?
