

Lesson 12: Contexts which focus on where the difference is kept the same

For this lesson you will need a piece of paper, pencil and a ruler.

The image shows a title card for a lesson. At the top left is a logo consisting of three overlapping circles in shades of blue. Below the logo, the text reads "Upper KS2 Number, Addition and Subtraction" in a blue, sans-serif font. Underneath that, "Lesson 12" is written in a larger, bold, blue font. To the right of the text are two cartoon characters: a boy named Jack with brown hair, wearing a red t-shirt and blue trousers, and a girl named Sila with blonde pigtails, wearing a pink t-shirt and purple skirt. Their names are written below them in a small black font. The background of the card is light blue with a large white circle behind the characters.

Keep the notes that you make in the lesson today. Tomorrow you will review them before beginning your new learning.

Quiz

Open the quiz on Google Classroom and complete the questions for lesson 12.
