

Lesson 15 Practice: transforming calculations to make them easier to solve mentally

For this lesson you will need:

A pen/pencil, a piece of paper and a ruler.

A title card for a lesson. It features a light blue background with a large white circle on the right side. The text is in shades of blue and black. At the top left, there is a small logo consisting of three overlapping circles. The main text reads: 'Upper KS2 Number, Addition and Subtraction Lesson 15'. To the right of this text, the equation '986 - 261 =' is displayed in a large, bold, black font. The card is framed by black bars at the top and bottom.

Upper KS2
Number, Addition
and Subtraction

Lesson 15

986 - 261 =

Keep the notes that you make in the lesson today. Tomorrow you will review them before beginning your new learning.
